

Shaping the Future of Aortic Medicine

AORTIC 360 – BASIC SEMINAR

17 – 18th March 2023

Winterthur, Switzerland

Preliminary Program

Learning objectives: after this course, you will have the knowledge and skills to perform standard open and endovascular access procedures for classical surgery as well as for EVAR, TEVAR and F/B-EVAR. You will be able to make measurements for planning access for endovascular procedures and you will be able to conceptually treat complications being associated with these access site procedures.

Target group: First to third-year residents in cardiac and vascular surgery, as well as interventional radiology/angiology.

Venue: Kantonsspital Winterthur, Brauerstrasse 15, 8401 Winterthur, Switzerland

Language: English

08:30 – 09:00 Registration

09:00 – 09:10 Welcome

Standard open vascular access

09:10 – 09:30 The femoral approach

Nikolaos Tsilimparis

09:30 – 09:50 The iliac approach

Nikolaos Tsilimparis

09:50 – 10:10 The aortic approach

Jürg Schmidli

10:10 – 10:30 The carotid approach

Martin Czerny

10:30 – 10:50 Coffee break

10:50 – 11:10 The subclavian approach

Jürg Schmidli

11:10 – 11:30 Differences between right and left subclavian artery Jürg Schmidli

11:30 – 11:50 The axillary approach

Jürg Schmidli

11:50 – 12:10 The brachial approach

Nikolaos Tsilimparis

12:10 – 12:30 The transapical approach

Martin Czerny

12:30 – 13:30 Lunch break

13:30 – 15:30 Practice on VI models

15:30 – 15:50 Coffee break

Standard endovascular access

15:50 – 16:10 The femoral approach

Jos C. van den Berg

16:10 – 16:30 The transcaval-aortic approach

Nikolaos Tsilimparis

16:30 – 16:50 The subclavian and axillary approach

Martin Czerny

16:50 – 17:10 The brachial approach

Jos C. van den Berg

19:00 Networking dinner

18th MARCH

09:00 – 10:00 Crossing difficult iliacs: simulator Jos C. van den Berg

10:00 – 10:30 Coffee break

10:30 – 12:30 CT scan evaluation/measurement: workstations Martin Czerny

12:30 – 13:30 Lunch break

13:30 – 14:30 Ultrasound guidance: target sites and puncture Jos C. van den Berg

14:30 – 15:30 Vascular closure device (Abbott) Thomas Wyss

14:30 – 15:30 Incraft the low Profile stent graft Workshop (Cordis)

15:30 – 15:50 Solving access site complications Jos C. van den Berg
Nikolaos Tsilimparis

15:50 – 16:10 Wrap-up, evaluation and closing remarks

We would like to thank the following sponsors for their support
